

# Zita Swoon, Dare To Love

The preservation of our freedom is everyone's concern  
The understanding and the knowing, the knowing we can burn  
The knowledge we have gathered over toil and snare  
Could bring us to a higher ground if only we would dare

Dare to love  
Dare to understand  
Dare to care  
Dare to love a man

Some consequences gather  
They gather 'round the fire  
They came this way  
From far today  
To question and inquire  
Evil spreads, somebody said  
Round here and over there  
We could react to this attack  
If only we would dare

Dare to love  
Dare to understand  
Dare to care  
Dare to love a man
