

# Zita Swoon, Fun For Free

Maybe I misunderstood  
A part of your story  
But I believe you're no good  
I'd say you're even quite boring

Although I pay you no mind  
I can't stand you much longer  
Still it's giving me time  
And it's making me stronger

Man your life is a lazy mess  
You don't relate to the things that I like best  
I know you're idle and cheating you're fake and deceiving  
Though everything always seems cool

Man I just want you to know  
That when you're making me worry  
About the bond that we have  
You simply can not ignore it

And when the going gets tough  
I konw you're not gonna be here  
So I won't ask you to go  
'Cause you're constantly leaving

All your life  
Is full of lies  
I'm sorry friend  
This can't go on

Maybe I misunderstood  
A part of your story  
I sometimes wish that I did  
But then I know what I know man

Now if you wanna stay  
You're gonna have to pay  
Now try to make my day  
Or leave me be  
Yeah if you wanna stay  
You better change your ways  
I stop giving you  
Your fun for free  
So if you wanna stay  
I wanna hear you say  
You never really tried  
To give some back to me  
So if you wanna stay  
You're gonna have to pay  
I stop giving you  
Your fun for free
