

Zita Swoon, Moondance

The monkey's in
The monkey's sin
The monkey with the golden skin
He got news from the diamonds
The monkey's wall
The monkey's call
The monkey with the golden skull
He got news from the diamonds
Somebody told me so
I can't dance to the diamonds
I think I'll better go
My moon don't mind
It's light just grinds
The facts of the neverminds
They got their eyes on the diamonds
The monkey's will's
The's monkey's thrill
The monkey with the golden skills
He got news from the diamonds
The monkey's - a rocket don't fly
The monkey's - a tears don't cry
He got news from the diamonds

He got news from my hometown
He says the sun don't shine
He came down with the rainfall
And left the moon behind
And that ain't right
The monkey's pride ain't right
