

# Zoe Girl, You get me

Wonderful  
Is what I perceived  
This life would be  
Pain and problem free  
But over time  
I found reality  
And through it all I see  
That you're the only one who gets me  
I may be misunderstood 'cause I wouldn't ever fake it  
You're the only one who understands my pain  
Cause you get me  
Doesn't matter what they do what they think what they say  
At the end of the day I'm okay anyway  
'cause LORD you get me  
No more tears  
It's a silent night  
You're broken down on fear  
'cause you remain in all of me  
You know me better than I know myself  
The key to my security  
There is no one else who gets me  
I may be misunderstood 'cause I wouldn't ever fake it  
You're the only one who understands my pain  
'cause you get me  
Doesn't matter what they do what they think what they say  
At the end of the day I'm okay anyway  
'cause LORD you get me  
I don't care what the world may say  
I hear you calling my name  
And I reach for you reach for you  
There is nothing that I'd rather do  
Than just worship you, LORD  
I'm going to worship you  
Worship you  
I'm okay [4 times]  
Yeah  
I'm okay [6 times]  
Yeah  
I'm okay I'm okay  
Yeah  
I'm okay [4 times]  
I may be misunderstood 'cause I wouldn't ever fake it  
You're the only one who understands my pain  
'cause you get me  
Doesn't matter what they do what they think what they say  
At the end of the day I'm ok anyway  
'cause LORD you get me  
I may be misunderstood 'cause I wouldn't ever fake it  
You're the only one who understands my pain  
'cause you get me  
Doesn't matter what they do what they think what they say  
At the end of the day I'm ok anyway  
'cause LORD you get me  
I'm okay [4 times]  
Yeah  
I'm okay [6 times]  
Yeah  
I'm okay [2 times]  
Yeah  
I'm okay [4 times]  
You understand me  
So completely  
Now I am free  
LORD you get me

[repeat]
