

Zoe, Precious

My precious one - I'll try to save you from all harm
My precious one - I'll try to keep you safe and warm
Let me comfort your soul with my love
My precious one - I'll be your angel while you sleep
My precious one - I will be there when you weep
Let me dry your tears with my love

Chorus

I'm just killing time when you're not around
I'm feeling so low, I'm feeling so down
What can I say, What can I do
I'm not the same one without you
I'm just killing time when you're not around
I'm feeling so low, I'm feeling so down
What can I say, What can I do
I know so well you miss me, too
My precious one - I'll be forever by your side
My precious one - I'll be the place where you can hide
You're my treasure, my love - precious one
My precious one - for you I'll always be strong
My precious one - I swear I'll never do you wrong
You're my treasure, my love - precious one

Chorus

I can't help it still being true
I have always been true to you
You cause my heart to overflow
My precious one - I'll try to save you from all harm
My precious one - I'll try to keep you safe and warm
Let me comfort your soul with my love
