

Zoe, Side Effects

Side effects,
I'm deep in side effects
slowly falling over me
inside of beautiful machines.

Side effects,
I'm deep in side effects,
the words are melting down in time,
afraid of sorrow in the air.

The same old song is always on my mind,
the same old song and you.

Side effects,
I'm deep in side effects
slowly falling over me
inside of beautiful machines.

Side effects
I'm deep in side effects,
I'm deep in side effects and you...

It's all over again!
set me free!
I'm not the one.

It's all over again!
set me free!
I'm not the one.

It's all over again!
