

ZOEgirl, R U Sure About That?

Can you try to hide
What's in your heart
What's on your mind
Can you carry on
Like nothing's wrong
Go on and on

Are you sure about that

You've been pushed
You've been shoved
You've been left and unloved
Oh why do you still stay
So many tears that you cry every night
But ya know your life doesn't have to be this way

You got hurts deep inside
It's only right that someone should pay
Can't forget all the scars
He left on your heart
All the promises he made

You've gotta let it out girl
You've gotta let it go
You've got give it up
If you really wanna know
The truth about life girl
The secret of love
Is living inside you
It's dying to break through
the walls around your heart

Can you try to hide
What's in your heart
What's on your mind
Can you carry on
Like nothing's wrong
Go on and on

Are you sure about that

You've been up
You've been down
You've been all around
You broke all the rules
It was good for awhile
You hid behind a smile
But now you're broken
And you're bruised
Have you ever considered
that life is a invitation for you
to decide in your mind
to accept or decline the reality of truth
You've gotta let it out boy
You've gotta let it go
You've got it give it up
If you really wanna know
The truth about life boy
The secret of love
You've done it your way for so long
So tell me when's enough enough

Can you try to hide
What's in your heart

What's on your mind
Can you carry on
Like nothing's wrong
Go on and on

Are you sure about that

Life's been hard now
Don't get me wrong
It's hard to find someone
You can count on
I know that you wanna be strong
But anyone can play it tough
You may have yourself
But is that enough

Are you sure about that (repeat many times)

Can you try to hide
What's in your heart
What's on your mind
Can you carry on
Like nothing's wrong
Go on and on

What's in your heart
What's on your mind
Can you carry on
Like nothing's wrong
Go on and on

Can you try to hide
What's in your heart
What's on your mind
Can you carry on
Like nothing's wrong
Go on and on

Are you sure about that
