

# Zombie Girl, Creepy Crawler (Album Edit)

'Cause I'm as evil as can get  
Nothing's ever scared me yet  
Nothing's ever scared me yet  
Nothing's ever scared me yet

There's something crawling  
There's something crawling in the dark  
I don't see it but I know it's after me

There's something lurking  
Oh, there something lurking in the dark  
I don't see it but I know it's here for me

I don't feel it  
I'm not afraid of it  
'Cause I'm as evil as can get  
Nothing's ever scared me yet

Hey hey hey, creepy crawler  
What's wrong with you now you seem a little smaller  
Hey hey hey, creepy crawler  
Crawl back from where you came ('cause) you're not worth a dollar

There's something lurking  
Oh, there something lurking in the dark  
I don't see it but I know it's here for me

There's something crawling  
There's something crawling in the dark
