Zombie Girl, Creepy Crawler (Album Edit)

'Cause I'm as evil as can get Nothing's ever scared me yet Nothing's ever scared me yet Nothing's ever scared me yet

There's something crawling
There's something crawling in the dark
I don't see it but I know it's after me

There's something lurking Oh, there something lurking in the dark I don't see it but I know it's here for me

I don't feel it I'm not afraid of it 'Cause I'm as evil as can get Nothing's ever scared me yet

Hey hey, creepy crawler
What's wrong with you now you seem a little smaller
Hey hey, creepy crawler
Crawl back from where you came ('cause) you're not worth a dollar

There's something lurking Oh, there something lurking in the dark I don't see it but I know it's here for me
