

Zombina And The Skeletones, I Was A Human Bomb

Fought my share of ninjas in Japan
I'll tell you how I got my atomic tan
I'm full of nitro glycerine
I was a human bomb for the F. B. I
(Don't shake me up! Don't shake me up!)

I'm sellin' shrunken human heads
Settle down and listen how I fared
When I saved the world from the living dead
I was a human bomb for the F. B. I
(Don't shake me up! Don't shake me up!)

I gotta whole lotta liberty
Whole lotta liberty, whole lotta liberty!

(Human bomb! Go!)

This human bomb is gonna blow

I waded through the sewers of New York
Seen my best friend lyin' in a morgue
Proud to say I hunted man for sport
I was a human bomb for the F. B. I
(Don't shake me up! Don't shake me up!)

I'm riding the crest of a new ideal
What I can't afford I steal
Still got the police on my tail
I was a human bomb for the F. B. I
(Don't shake me up! Don't shake me up!)

Don't shake me up!
