

# Zonata, Bring You Down To Hell

The demons are coming after you  
In the night ready to fight  
Always cruel with hate in their mind  
Promise you that they will get you  
You're trying to hide with fear in your eyes  
Hoping that nobody see's you  
If they should know where you are  
I'm sure that they will torture you

I hope that you, you are prepared  
Take all the weapons you can  
If you are not ready to fight  
I'll think that you'd better run

When you're walking in the night  
You should always be prepared  
They can strike right here right now  
And bring you down to Hell  
to Hell

You're running away with no place to stay  
The demons can almost reach you  
You hear that someone is shouting your name  
You think for yourself what you should do  
You're trying to hide with fear in your eyes  
Hoping that nobody see's you  
If they should know where you are  
I'm sure that they will torture you

I hope that you, you are prepared  
Take all the weapons you can  
If you are not ready to fight  
I'll think you'd better run

When you're walking in the night  
You should always be prepared  
They can strike right here right now  
And bring you down to Hell  
to Hell

When you're walking in the night  
You should always be prepared  
They can strike right here right now  
And bring you down to Hell

I hope that you, you are prepared  
Take all the weapons you can  
If you are not ready to fight  
I'll think you'd better run

When you're walking in the night  
You should always be prepared  
They can strike right here right now  
And bring you down to Hell  
to Hell
