

Zoot Woman, Snow White

I hear you moving
Beneath the wood
I fear you
He said I would

I know what I need
A memory of Snow White
Now i don't want you

Now it's soothing
I see through you
What you gave to me
Was misunderstood

I know what I need
A memory of Snow White
Now I don't want you

I know what I need
A memory of Snow White
Now I don't want you
