

# ZoSia, Scream Out Louder

Don't stand in the dark, close the door behind,  
come on inside, I'll be your guide, put your fears aside  
Slowly, step by step, I will undress You  
turn off the lights, got something to do...

Scream out louder, let me feel You inside  
Take me HIGHER, You're like Jekyll and Hyde  
It's a Madness feel so close and so high  
Boy, let's make it TONIGHT

Time is passing by, THE DAYS ARE CHASING NIGHTS  
Let's not fight it, don't deny it, love is on our side  
whisper in my ear, whisper something new  
turn off the lights, got something to do...

Scream out Louder....  
bridge  
Tic TOCK Tic TOCK  
gotta FEEL, gotta charm  
Tic TOCK Tic TOCK  
gitta look, gotta glam  
Tic TOCK Tic TOCK  
gotta FEEL, gotta charm  
Tic TOCK, Tic TOCK  
my heart beats like a drum

this is out time  
now i know You're mine  
never let me know  
I love You so
