

Zucchero, If Not Tonight

If not tonight
Tell me when my love
Who is it and why
Do I play the fool for you?
If not tonight
Will I wait forever?
For you to come around
Waiting's all I seem to do
Yeah, Yeah, yeah.....if not tonight
Will there ever be another night
Just like this one, anyway?
Yeah, Yeah, yeah....when the time is right
Let it be with you tonight
There will never be a night
Underneath the stars
Beneath a hangnail moon
Sinking down into the sea
It's not the time
'Cause I could wait forever
If waiting is what you want
Waiting's been the death of me
Yeah, Yeah, yeah.....if not tonight
Will there ever be another night
Just like this one, anyway?
Yeah, Yeah, yeah....when the time is right
Let it be with you tonight
There will never be a night
If not tonight
Some days I go out of my head
Some days I get shaken
One day I will open my eyes
Some day I'll awaken.....
Yeah, Yeah, yeah.....if not tonight
Will there ever be another day
Quite like this one, anyway
Yeah, Yeah, yeah.....if not tonight
Will there ever be another day
Quite like this one, anyway
Yeah, Yeah, yeah....when the time is right
Let it be with you tonight
There will never be a night
If not tonight
Tell me when, my love.....
