

# Zucchero, My Love

Stray cat in a mad dog city  
Nine ways to sorrow  
A moment's all it takes to say goodbye  
I'm waiting

Wild cat in a sad dog story  
Nine roads to follow  
A moment's all it takes to say goodbye

For all the love that's torn us... for us  
For all the pain so sweet  
Say you won't, say you won't leave

My love, I'm dreaming of one girl  
Someone to make my world  
Someone just like you  
My Love, the girl that I'm dreamin'  
To give me that feeling  
Someone just like you

Lost cat in a dead end story  
Nine lines that echo  
A moment's all it takes to say goodbye  
I'm waiting

Stray cat in a mad dog city  
Nine lines to follow  
A moment's all it takes to say goodbye

For all the love before us... for us  
For all the pain so sweet  
Say you won't, say you won't leave

My love, I'm dreaming of one girl  
Someone to make my world  
Someone just like you  
My Love, the girl that I'm dreamin'  
To give me that feeling  
Someone just like you

Baby don't cry...

Gonna paint this town, for you  
Turn it upside down  
Say you won't, say you won't leave

My love, I'm dreaming of one girl  
Someone to make my world  
Someone just like you  
My Love, the girl that I'm dreamin'  
To give me that feeling  
Someone just like you
