

Zug Izland, Hate

You build me up and then you break me down and build me again
Emotions weaken
My blood is filled with lust knowing someone is wanting to kill me
We all go someday

I get so much more from this than you do (than you do)
I get so much more from this than you (than you)

Haaaate!
You wanna feed your hate!
You wanna free your hate!
You wanna feed your hate!
You wanna feed your...
Come on get up!
Come on get up!
Come on get up!

There must be some way I can better my health to save me
From all the bad things that feel so good
You must be joking, you don't even know a thing about it
It's what you understood

I get so much more from this than you do (than you do)
I get so much more from this than you (than you)

Haaaate!
You wanna feed your hate!
You wanna free your hate!
You wanna feed your hate!
You wanna free your...
Come on get up!
Come on get up!
Come on get up!

I get so much more from this than you do (than you do)
I get so much more from this than you (than you)

Haaaate!
You wanna feed your hate!
You wanna free your hate!
You wanna feed your hate!
You wanna feed your hate!
You wanna feed your hate!
You wanna free your hate!
You wanna feed your hate!
You wanna feed your hate!
You wanna feed your hate!
You wanna free your hate!
You wanna feed your hate!
You wanna feed your...
