

Zug Izland, Virgo's Tale (Remix)

Walk but don't run
Run but don't fly
Silent, don't talk
Talk but don't cry
Cry but don't feel
Feel but don't give in
Give in but don't die
Motherfu....

Now we just got one life
Let it rain but don't cry!
Everything is all right
It's just a way of sayin' goodbye!

Move but don't dance.
Dance but don't sing.
Sing but don't cry.
Breakdown and let it...
Joke but don't hurt.
Hurt but don't bleed.
Bleed but don't lie.
Just let it go to sleep.

Now we just got one life
Let it rain but don't cry!
Everything is all right
It's just a way of sayin' goodbye!

Hate but don't love.
Love but don't hate.
Smash but don't break.
Fear, but not shake.
Fame but not greed.
Shame what you succeed.
Yell but don't scream.
Build a breaking dream.

Do we just have one life?
Let it rain but don't cry
Everything is all right
Its just a way of sayin' goodbye

Now we just got one life
Let it rain but don't cry!
Everything is all right
It's just a way of sayin' goodbye!
Now we just got one life
Let it rain but don't cry!
Everything is all right
It's just a way of sayin' goodbye!
