

# Zvuki Mu, Zero Minus One

Yesterday you gave yourself to me  
And now you think I owe you  
Yesterday you gave it to me  
And you think I can forgive you for last night.

CHORUS

Do you know what it means  
All your surrender?  
Zero minus one.  
So, now you feel better  
You feel better now.  
Torment others with your night  
Open your door to others  
The door into your night.

CHORUS
