

# ZZ Top, My Head's In Mississippi

I'm shufflin' thru the Texas sand,  
But my head's in Mississippi.  
I'm shufflin' thru the Texas sand,  
But my head's in Mississippi.  
The blues has got a hold of me.  
I believe I'm gettin' dizzy. (Spoken: Help me now.)

I keep thinkin' 'bout that night in Memphis,  
Lord, I thought I was in Heaven.  
I keep thinkin' 'bout that night in Memphis,  
I thought I was in Heaven.  
But I was stumblin' thru the parking lot  
Of an invisible seven eleven. (Spoken: What was I doin out there?)

Where's my head baby?  
Somewhere in Mississippi.

Last night I saw a cowgirl.  
She was floatin' across the ceiling.  
And last night I saw a naked cowgirl.  
She was floatin' across the ceiling.  
She was mumblin to some howlin' wolf  
About some voodoo healin'. (Spoken: Mmm Baby.)
