

# ZZ Top, Trippin'

I got a favorite place  
In a favorite town  
In a favorite foreign country  
I been hangin' around  
It aint too big  
And it ain't to far  
And we could go  
Crazy with our head in a jar  
And go trippin'  
Trippin', away  
You got a secret slot  
In a secret spot  
We could secretly freak  
If you gimme a shot  
And secretly meet tomorrow  
If I tell what time  
Tell me what 'cho name  
And what's cho' sign  
Let's go trippin'  
Trippin' away  
You can take your half  
You can take mine  
Its totally shine or totally blind  
But one or the other's gonna' work out fine  
We go trippin'  
Trippin' away  
We go trippin'  
We go trippin'
