

ZZ Top, World Of Swirl

I hit the street running, had an angle in mind
Looking for a shelter, doing double overtime
I get a little crazy, but I won't be denied
Gotta find the time that takes the inside outside
Tumbling, in a world of swirl
Rumbling, in a world of swirl
In a world of swirl
Everything's hazy, everything's a blur
Isn't it amazing? Checking outta where we were
It's so unpredictable, at the end of my rope
Gotta skate the ledge outta this kaleidoscope
Tumbling, in a world of swirl
Rumbling, in a world of swirl
In a world of swirl
In this cloud of dust, you've got to keep steady
Hang on you must, you better get ready
Over the ledge, ripping the curl
Riding the edge off into to twirl
Tumbling, in a world of swirl
Rumbling, in a world of swirl
In a world of swirl
